

## **Environmental & Social Management System: Certifications**

## Environmental and social management system: Certifications

### Background

Gulf Energy Development Public Company Limited (“GULF”) works to ensure its environmental and social management systems comply with global standards, focusing specifically on ISO 9001:2015 (quality management systems), ISO 14001:2015 (environmental management systems), and ISO 45001:2018 (occupational health and safety management systems). GULF seeks ISO certifications for all power projects in Thailand which have been in commercial operation for at least one full year. For all projects, including those which have not yet achieved ISO certification, GULF conducts annual internal audits against its Environmental and Social Management System (ESMS).

### Environmental management certifications (as of 31 December 2023)

Project	ISO 9001:2015	ISO 14001:2015	ISO 45001:2018	ESMS Internal Audit
